

Time *is* Money

Save time by exporting payroll data into your accounting system with one click using our QuickBooks® & Peachtree® Integration option!

Easy file import into your accounting program.

When you sign up for our QuickBooks® and Peachtree® Integration option, we'll provide a file to import after each payroll run. The QuickBooks® file contains G/L entries, payroll check detail and job cost function. The Peachtree® file includes G/L entries, check information for bank reconciliations and job costing information. With a click of a button your general ledger will be updated. You'll appreciate the savings in time and reduction of input errors.

- **Saves time and money**
- **Minimal cost**
- **Easy to get signed up***
- **Simple file import**

Customized G/L exports are also available!

Contact us today for details about our G/L Export options!
