DIY COFFEE FILTER SNOWFLAKES!

Turn the winter blues into winter oranges, reds and purples.

To make these colorful snowflakes, you will need:

- White coffee filters (the basket style)
- Scissors
- Watercolor paints

To make the snowflakes:

1. First, fold a coffee filter in half and then in half again, creating the folded edges.
2. Use your scissors to cut triangles, lines, and shapes along all of the edges of your folded coffee filter.
3. Carefully unfold to reveal your coffee filter snowflake design.
4. Paint the coffee filter with watercolor paint.
